U.S. EXPORT SALES

- Outstanding Export Sales
(Unshipped Balances)
On OCTOBER 17, 1976
- Export shipments in
Current Marketing Year
- Daily Sales reported
OCTOBER 18 - 26, 1976
-- As Reported by Exporters

Outstanding export sales as reported by private exporters and compiled with other data in this release give a snapshot view of the current contracting scene. At any given time in the course of a marketing year outstanding sales do not bear a consistent relationship to eventual export shipments. A meaningful export projection is not obtainable by the simple device of adding outstanding sales to exports to date. The latter data, alone, may provide a more reliable measure of current export activity than may be derived from a year-to-year comparison of outstanding sales.

EXPORT SALES REPORT

Comments on release of October 28, 1976 (based on reports from exporters for the week ending October 17, unless otherwise noted):

Wheat: Sales activity continued slow with the main features the sales of 133,000 metric tons (MT) to Peru, 65,000 MT of Durum to Algeria, and 100,000 MT to the USSR (reported last week under the daily system). Sales to unknown destinations dropped sharply as large quantities of Soft Red Winter were allocated by country and shipped. Egypt, Italy, and Romania were the major recipients. Exports of wheat by class to the USSR were corrected by reducing Hard Red Winter and increasing Durum by 62,800 MT. Clearances continued heavy with more than 700,000 MT lifted, bringing the marketing year (MY) total to nearly 12 million MT.

Corn: Sales activity was moderately heavy with the EC at 533,700 MT, the major customer. In addition, sizable new sales were made to Spain, Taiwan, and Israel. USSR purchases have been reduced by 60,000 MT to correct a previous error in reporting a destination as USSR instead of Czechoslovakia. In addition, around 55,000 MT was switched from unknown destinations to Czechoslovakia. Numerous other changes in destinations were reported with the majority coming out of the unknown destinations. Export clearances continued fairly brisk with more than 1 million tons lifted during the period.

Grain Sorghum: Sales activity picked up with Japan the principal buyer. Sales to unknown destinations accounted for a third of the total increase. Exports slowed from the pace of the two preceding weeks with Japan accounting for nearly three-fourths of the weekly outgo.

Barley and Oats: Sales activity slowed with the main feature for the week the switch of 27,500 MT from unknown destinations to Iran. Weekly exports jumped sharply and at 59,400 MT, totalled the heaviest to date for the MY. Export interest in U.S. barley has been exceptionally strong this MY. The U.S. export projection has been increased to 980,000 MT. Interest in oats continued limited, with the major feature Italy's cancellation of an earlier purchase of 12,200 MT.

Soybeans: Sales activity rose by 470,000 MT due primarily to increases to the EC of 225,500 MT; Japan, 107,200 MT; Spain, 76,400 MT; and Mexico, 46,400 MT. Weekly exports of 403,100 MT were mostly to the EC, Japan and Eastern Europe and included initial exports for the MY to Mexico, Poland, and Spain.

Soybean Cake and Meal: The Netherlands, with 50,000 MT, was the only major purchaser. Weekly exports of 98,400 MT also included the first shipments of the MY to Ireland, France, Iceland, Spain, and Poland. Exports to date of 204,300 MT continued to lag as EC importers and feed users worked down stocks while awaiting a decision on the EC Milk Scheme.

Cotton, Soybean Oil and Rice: Showed no significant activity.
